Check if a number lies between 1 and 100

```
#include<iostream>
num = int(input("Enter a number: "))
if num >= 1:
    if num <= 100:
        print("The number lies between 1 and 100.")
    else:
        print("The number is greater than 100.")
else:
    print("The number is less than 1.")
```
